

Conference Proceedings

Papers from the 2009 *Sustainable Economic Growth for Regional Australia (SEGRA)* Conference are now available. *SEGRA* 2009 is the 13th national conference focusing on regional Australia and the papers are essential reading for policy makers, academics and business with an interest in regional Australia. The Conference was conducted in Kalgoorlie-Boulder, WA on the 27-29 October 2009.

The Conference brought together policy makers, industry players, politicians and academics to focus on contemporary themes affecting regional Australia. Key themes of the 2009 Conference included:

- *Regional Australia and the National Agenda;*
- *Deliver Sustainable Economic Development;*
- *Tools and Models for Regional Development;*
- *Successful Case Studies - the different and unexpected;*
- *Climate Change;*
- *Identify the latest trends impacting regional Australia;*
- *Outline scenarios for regional futures;*
- *Showcase innovative policy responses, actions and decision making techniques;*
- *Demonstrate a range of successful projects from regional Australia;*
- *Identify key actions within high performing organisations*
- *Review government, community, practitioner and commercial responses and experiences;*

The CD-ROM includes Word document, PowerPoint, Movie and Flash files as supplied by conference speakers. It should be noted that not all speakers provided comprehensive information due to copyright restriction and/or commercial considerations.

Keynote speeches, papers/presentations, the post conference *Communiqué*, and the complete conference program are on the CD-ROM. To obtain a copy of the disc please complete the order form below and return by mail or fax. The price for the disc including postage and handling is \$195. A tax invoice/ receipt will be issued.
